## PROFILE SUMMARY

Sixth-semester Informatics student at Universitas Multimedia Nusantara specializing in UI/UX design and fullstack development. Skilled in React.js, Laravel, Tailwind CSS, and Figma. Experienced as a Fullstack Developer Intern, Project Manager, and UI/UX Designer, with a strong focus on user-centered digital solutions. Eager to apply technical and leadership skills to innovative software engineering projects.

## EDUCATION

- Bachelor of Computer Science** *August 2022 – Expected 2026*  
Multimedia Nusantara University *CGPA: 3.65*

## PROJECTS

- JaOa (Java Oasis) Travel Website** *April 2023 - May 2023*  
*Project Manager and Fullstack Developer | React.js, Bootstrap, Google Fonts API*
  - Led and managed a team of four, ensuring optimal contribution from each member.
  - Designed the prototype and established a solid project foundation.
  - Built an efficient backend system while contributing to frontend development for balanced performance.
  - Project Link: [jaoa.netlify.app](http://jaoa.netlify.app)
- Pasraman Dharma Sidhi Karya Ciledug's Website** *September 2023 - December 2023*  
*Backend Developer and Database Administrator | Laravel, Tailwind CSS, MySQL, AOS*
  - Structured and managed the database to ensure efficiency and data security.
  - Implemented a feature for user-to-admin email communication to enhance engagement.
  - Developed admin-only registration and login logic to secure access.
  - Enabled image storage for activity documentation on the admin dashboard.
  - Added scroll animations to enhance user interaction and visual experience.
  - GitHub Repository: [github.com/momoy21/Pasraman](https://github.com/momoy21/Pasraman)
- "SiMami" Meal Planning App Prototype** *November 2024*  
*UI/UX Designer | Figma, Canva*
  - Designed an interactive prototype using Figma to enhance user experience.
  - Developed an intuitive UI for meal scheduling, stock management, and automatic shopping list generation.
  - Applied a user-centered design approach for simplifying weekly meal planning.

## EXPERIENCE

---

- **Insurer Coordinator – UMN Tech Festival (UTF) 2024** *September 2023 - March 2024*
  - Coordinated over 120 committee members for the inaugural event by the Informatics department.
  - Oversaw event security and logistics for garage sales, exhibitions, and workshops involving Iykra, IT BCA, and Apple Academy.
  - Collaborated closely with fellow insurer coordinators to maintain seamless internal communication and execution.
- **Insurer Coordinator – Introduction to Informatics Program 2024** *January 2024 – August 2024*
  - Led security operations for the Informatics department orientation involving over 145 committee members.
  - Developed guard plots, designed newcomer flows, and ensured smooth execution from preparation to event day.
- **Laboratory Assistant – Database Systems** *August 2024 – January 2025*
  - Mentored and guided 40 third-semester students in SQL and relational database concepts during lab sessions.
  - Provided hands-on technical support, reviewed assignments, and offered feedback to enhance student understanding and performance.
- **Fullstack Developer Intern - PT Rembon Karya Digital** *January 2025 – Expected August 2025*
  - Designed the UI/UX of a Queue Management System using Figma based on client requirements.
  - Added new features to the company's internal website to enhance functionality.
  - Performed regular maintenance on the company website to ensure stability and performance.

## SKILLS

---

- **Programming Languages**  
C, HTML/CSS, JavaScript, PHP, Python, Kotlin.
- **Frameworks & Tools**  
Bootstrap, React.js, Laravel, Tailwind CSS, Figma.
- **Database**  
MySQL.
